FOR IMMEDIATE RELEASE

**G7 Productivity Systems Worldwide Leader in Vista Certifications,  
Second only to Microsoft®**

San Diego, CA—March 13, 2007-- G7 Productivity Systems received recent notification that, excluding Microsoft®, it holds the most Windows Vista certified titles of any software company worldwide. In April, G7 will release its #1 rated VersaCheck® 2008 software line including the Presto, Gold, Platinum, and Business and Enterprise versions. Also “Certified For” Windows Vista is the VersaCheck® 2008 package for QuickBooks and another for use with Quicken and Money. VersaCheck® comes with everything needed to print 100% bank-compliant checks right away. With the unique ability to seamlessly import records from financial software, check data is merged with a choice of electronic check templates; and checks are printed on blank check stock saving users up to 80% vs. pre-printed check paper. These titles will be available from select retailers and [www.g7ps.com](http://www.g7ps.com). In addition, G7 Productivity Systems has had its VersaCheck® Payroll software and its 4X UltraSaver Ink Flow Management software Vista Certified.

“Our customers rely on us for high quality financial and business management software offering powerful, and innovative features and delivering the best customer experience through the most up-to-date benefits,” said Scott Givens, Director of Marketing at G7. “By working with Microsoft, we feel confident that our many

applications will provide users of Windows Vista with enhanced reliability, security and compatibility.”

“Microsoft is pleased that G7 Productivity Systems has earned the Certified for Windows Vista software logo for so many of their applications,” said Brad Goldberg, General Manager for Windows Vista Product Management at Microsoft Corp. “By certifying their software, G7 Productivity Systems is letting their customers know that their products have met explicit standards of reliability and quality, and have been tested and proven to deliver a superior experience with a PC running Windows Vista.”
