FOR IMMEDIATE RELEASE

G7 PRODUCTIVITY SYSTEMS LAUNCHES NEXT GENERATION INKJET TECHNOLOGY

Tired of Thirsty Inkjets?

San Diego, CA--February 21, 2006--G7 Productivity Systems, maker of VersaCheck® software and VersaInk™ ink cartridges, introduces VersaJette™, a revolutionary family of inkjet printers and All-in-Ones. These printers are the first of their kind with revolutionary UltraSaver™ ink saving technology! This technology, when used in conjunction with the VersaInknano™ cartridges, puts the user in control of ink savings of up to 75% versus other inkjet brands!

UltraSaver™ relies on advanced imaging software and VersaInknano™, which is the next generation of magnetic ink pigment technology. In addition to creating superb output quality for photos and text, VersaInknano™ is the only ink for inkjets that comply with legislation and bank regulations for MICR check printing per ANSI X9 standards.

G7 has partnered with Lexmark to produce high quality VersaJette™ printers and VersaInknano™ ink cartridge supplies.

Pricing and Availability

The VersaJette™ family starts with two models addressing the needs of quality and cost. The VersaJette™ M300 is an inkjet printer that will be priced at \$129.99. The VersaJette™ M400 is an All-in-One printer, copier, and scanner and will be priced at \$199.99. VersaJette™ will be available online at Versajette.com and retail outlets

nationwide at the end of March 2006. Additional printer models and All-in-Ones will be introduced during the remainder of 2006 and into 2007.

The VersaJette™ line ties in with G7's family of output productivity software available at major retailers, specifically VersaCheck® which offers solutions for finance management and check creation.

About G7

G7 Productivity Systems, Inc., based in San Diego, California, is a leading publisher and manufacturer of productivity software and supplies for both home and business use. G7's products are available in over 4,000 retail outlets in the US and Canada.
