The G7 bundles provide everything consumers need to easily maximize tax deductions, organize their finances AND realize significant short and long-term savings.

For example, the G7 Tax Bundle Deluxe Gold is \$199 (a \$310 value) and includes [VersaCheck® Gold](#) finance & check creation software, a [VersaJette™ M400.v7](#) printer, two color/black ink combo packs and a FREE copy of ‘TurboTax® Deluxe Federal & State 08’. Users can easily re-coup their investment by using the VersaCheck® software to design personal & business checks on their PC in minutes. Beyond managing finances, [VersaCheck®](#) allows users to replace expensive pre-printed check refills with blank check refills and experience dramatic savings - often saving more than \$50 for every 250 checks they print. Blank check paper can be easily stored without security concerns and allows the convenience of updating checking information at anytime. One refill of blank check paper can support multiple checking accounts, reducing the need for multiple pre-printed check refill purchases. Checks can be printed directly from [VersaCheck®](#) or seamlessly from QuickBooks®, Quicken® and most other accounting programs.

The included [VersaJette™ M400.v7](#) color inkjet printer can scan, copy and print documents and photos. VersaJette™ is the world’s only line of desktop inkjet printers

designed to print bank compliant checks. The secret is in the [VersaInknano](#)™ magnetic black ink (MICR). The VersaInk™ magnetic ink formula meets [ANSI X9](#) check printing standards so that checks are easily scanned in using Magnetic Ink Character Recognition devices ([MICR check scanners](#)) used at retail and financial outlets everywhere.
